THIRTEENTH SEASON—NO. 115.

DAYTONA, FLORIDA, MONDAY, APRIL 16, 1917.

15 CENTS A WEEK, DELIVERED

BIG MEETING TONIGHT TO DISCUSS COUNTY DIVISION

PROSPECTS NOW GOOD FOR CREATION OF AN EAST COAST COUNTY

PETITIONS REQUIRED. TALLAHASSEE, April 15 (Special to Daily News).—A strong petition favoring county division is absolutely necessary and you can explain that our loss in Halifax district is very small. We found no protest here from the west side of Volusia to the Flagler county proposition until they learned of our move to divide and create an East Coast county. We have reason to believe the Flagler county move met with favor on the west side of Volusia before we came up here, with a view of killing any chance to divide Volusia in the future. Our senator and representatives will be governed by petitions and there is every indication we will easily win if we receive strong petitions.

T. F. WILLIAMS, D. P. SMITH.

TALLAHASSEE, April 16.—To the Daily News: Replying to your wire asking if I will get the governor to agree to appoint such persons as officers of the proposed East Coast county as may be nominated in a primary, I will use best efforts and have strong reason to believe the governor will positively appoint nominees named by your election.

Vote to Decide County Seat. TALLAHASSEE, April 16.—To the Daily News—I have talked with the administration people who assure me nominees for offices of the new county will be appointed. Our bill provides for the location of a county seat to be decided by a majority vote in an election held at the same time we vote for division.

From advices received from Tallahassee it appears that prospects are at the present time very favorable for the creation of a new county out of the east side of Volusia county. It appears that Senator Alexander and Representatives Sholtz and Putnam favor the proposition, providing it is the will of the majority of the people in the proposed new county.

DANCE TONIGHT FOR AMBULANCE FUND OF THE DAYTONA A. R. C.

Tonight society will dance at the Casino Burgoyne for the ambulance fund of the Daytona branch of the American Red Cross. This will be also the last opportunity to hear and dance to the music of the Tucker orchestra, Harry A. Tucker having generously offered the services of his full orchestra to its full complement for the affair. Owing to the kindness of Mrs. Burgoyne the casino has been tendered to the local A. R. C. organization for the night through Mrs. M. L. Stanley. Arrangements have been completed to make it one of the most successful dances of the year.

Dancing will commence at 9:00 o'clock and tickets will be \$5.00 each, or \$1.00 for a couple.

The ambulance is one of the most important factors in Red Cross work and each branch supplies its own vehicle. The local branch will make every effort to raise the necessary fund at the earliest possible moment, and deserves the co-operation of the men and women of Daytona, as the ambulance will not only be of use in time of war but can be used locally for accidents whenever the need demands.

W. H. Weld, regular winter guest at the Morgan hotel, who had been at that hostelry during the winter, as usual, left this morning for his home in Minneapolis, Minn.

ple of Daytona toward the people of New Smyrna.

A meeting will be held at the Arcade this evening at 7:30 o'clock at which every citizen of the east section of Volusia county is urged to be present. If the people of this section of the county desire to be set apart by themselves now seems the opportune time. County division has been talked for the past 10 years and it is now time to make a determined effort or else cease agitation of the matter.

Jerome D. Maley is today in receipt of a telegram from I. I. Moody, giving assurances that the road between Volusia and St. Johns county will be connected at once if Flagler county and a county from the east side of Volusia county is formed.

Through Mr. Moody's influence with the governor, it would be well to procure the assurances of the chief executive that he will appoint as officials of the new county such persons as may be nominated in a primary. This assurance would remove most of the present objection to the formation of a coast county.

BENEFIT DANCE AMBULANCE FUND

Dahl, a Christiania ship-builder, to his nephew, Dr. Andrew Christian, a physician of the Back Bay district. The letter adds that Germany has not given orders for the building of submarines after May 1. This is taken by Dahl to mean that Germany either has plenty or expects the war to end this summer.

TUCKER'S ORCHESTRA GAVE LAST CONCERT AT CASINO BURGUYNE

Tucker's orchestra, under the able direction of Harry A. Tucker, gave its last concert for the season yesterday afternoon at the Casino Burgoyne, closing with an excellently arranged program, one of the most successful musical seasons that visitors and local people have enjoyed since the erection of the casino.

Through the unflinching generosity of Mrs. Burgoyne, the orchestra was retained two weeks longer than at first intended, and hundreds of music lovers showed their appreciation of the orchestra and of Mrs. Burgoyne's kindness by filling the casino to capacity at every concert.

Mr. Tucker, himself a finished musician, has gathered a complement of talented players, who compose the orchestra. Under his capable direction the musicians have given their best efforts, and many musical critics, who have heard them play, have termed the orchestra one of the best in the south.

The citizens of Daytona have given Mrs. Burgoyne generous support in contributing to the orchestra fund, and though their co-operation have made the Casino Burgoyne concerts and dances potent attractions to draw visitors to Daytona.

The members of the orchestra are Harry A. Tucker, director; Wilbross Dalpe and Miss Hattie L. Taylor, violins; Bowen R. Church, cornet; Daniel W. V. Taylor, trombone; Miss Hattie L. Taylor, clarinet; Gellie De Carlo, flute; Witt B. Macaulay, cello; Stefano Napoletano, bass viol; and Victor J. A. Baradel, piano, organ and librarian.

STATEMENT ISSUED AT VIENNA SAID TO CONVEY INFORMATION

PARIS, April 16.—A semi-official statement has been issued at Vienna declaring that Austria-Hungary desires peace with the Russian people and that there are no real obstacles to this aim, according to a Zurich dispatch.

The dispatch announces that the Austrian government has taken note of the declaration of the provisional Russian government that it desires no acquisition of territory and wants a durable peace, founded on rights of the people to dispose of themselves.

GERMANY TO TRY FOR RUSSIAN TRADE

BERLIN, April 16.—Despite recent events in Russia, German trade associations which were interested in Russian trade before the war are pushing their plans for capturing their share of the after-war trade. All these associations have just combined in the formation of a Russo-German Economic committee, under the chairmanship of H. Friedrichs of Berlin. A circular from the committee says: "Upon the basis of the information acquired during the last twenty years and the rich experience of the former associations for trade with Russia, the activity of this committee will embrace the whole sphere of German economic interests in Russia, including the resumption of trade relations and the far-reaching support of German firms in all difficulties which may at first arise, especially as regards the period of transition from war to peace."

CHAMELEONS PART OF HOSPITAL EQUIPMENT

ALEXANDRIA, Egypt, April 16.—A few score chameleons are an indispensable part of the equipment of every military hospital in Egypt. Although they are on duty in the wards chiefly because of their insatiable appetite for flies, they also serve to amuse the patients, who never tire of watching the strange variations of tint assumed by the strange animals. A favorite occupation of the Highlanders is to put a chameleon against a background of a piece of Tartan kilt. Here, the soldiers assert, the chameleon has to admit itself beaten. After a vain effort to imitate the colors of the kilt it takes on a more or less neutral tone and resigns itself to the inevitable.

**ARTISTIC BIRD HOMES
DISPLAYED SATURDAY
AT CASINO BURGUYNE**

The exhibition of bird houses, made by the sixth and seventh grade boys of the Daytona and Seabreeze schools given at the Casino Burgoyne Saturday afternoon under the auspices of the Civic department of the Palmetto club attracted several hundred people, who availed themselves of the opportunity to purchase the pretty bird homes.

Prizes were awarded for the most artistic and well built homes, first prize of \$3 being won by Lawrence Wetherell of the Daytona school. The second prize of \$2.00 was also won by a Daytona school boy, Lester Slough, while third prize, \$1.00, was awarded to Harrison W. Nelson of the Seabreeze school. A fourth prize, of \$75, was given to Vincent Rivers. L. H. Rowe and company gave a special prize, the award being a silver knife, to the best house made by a boy not in the six or seventh grades, this was won by LeGare McLardy. Another house deserving special mention was that of Wm. H. Pope, a Daytona high school boy. The committee on awards was composed of Rolland E. Stevens, F. M. Rowe and George N. Chamberlin.

Pertinent signs regarding the preservation of bird life were displayed in the casino. "Don't hunt birds with a gun, hunt them with a camera," was one of the best. Another read "The egret plume is the badge of a murderer." "Protect the song, insectivorous, and plumage birds," advised a third. Another dealt with the sparrow nuisance, reading, "Two menaces to useful bird life—the prowling cat and the English sparrow, don't let the sparrow occupy your bird house."

The bird houses were sold after the prizes were awarded, several of the most attractive being auctioned off. Bowen R. Church acting as auctioneer. Fifty-nine houses were exhibited by the Daytona school and about 20 by the Seabreeze school. One-fourth of the proceeds went to the Civic department to be used for the children's playground, the remainder going to the boys who made the houses. The boys showed much enthusiasm and interest in the houses, many not being content until two or three had been made.

The members of the Palmetto club and especially of the Civic department desire to express their thanks to H. D. Shaw, and Lester A. Hall, teachers of manual training in the Daytona high and Seabreeze schools, for their co-operation in the bird house exhibit, and for the portion of sale proceeds given to the Civic department, which materially increased the play ground fund.

Miss Ora Masters, of Titusville, who had for some time been employed in the telephone central in this city, left Saturday for St. Albans, W. Va. to accept a position in the postoffice at that place.

**JOHN D'S. BROTHER
DIES IN CLEVELAND**

CLEVELAND, O., April 16.—Frank Rockefeller died at his home here last night.

Frank Rockefeller was a brother of John D. Rockefeller and William A. Rockefeller, and was for many years associated with them in the oil business, but was not as widely known as they.

Born in Richford, N. Y., in 1845, he was the youngest of the three Rockefeller boys, and when his brothers organized the Standard Oil company, he became identified with them, serving for a time as one of the vice-presidents. He acquired considerable wealth, but relations with his brothers became strained and he severed business connections with them. In 1900 he turned his attention to stock raising, purchasing 12,000 acres at Belvidere, Kan., for a stock farm. Closely resembled his brothers, he was more sturdy and a little more squarely built than they and well equipped physically for the new work he had undertaken. Attired like a farm hand, he was the active "boss" of his ranch, and when fences were to be repaired, ditches dug, or other heavy work to be done, he did his part. Some of the purest bred cattle in the world were to be found on his Kansas farm, and from there he also directed large range interests in Texas and Arizona.

Frank Rockefeller always manifested great aversion to being referred to as "John D. Rockefeller's brother" or "the other Rockefeller."

"I am Frank Rockefeller, stockman," he would say, "not Frank Rockefeller, a brother of John D." He studiously avoided newspaper publicity.

Although exceedingly fond of horse-trotting as a sport, he confined his indulgences in it to his own place, with his own horses.

"Next to my family," he once remarked, "I love animals, more than anything else in the world, and by simply having fun with them, I have found out a good many things, and learned a good many lessons that I could have never learned otherwise."

One of his great desires was to prevent the disappearance of the buffalo. He presented a great many wild beasts and birds to the zoo-logical gardens in Cleveland, and some to other cities.

During five months in the year Mr. Rockefeller lived in Cleveland, as did his brother, John D., but they were never seen together.

Arthur Blodgett, who had been with his parents, Mr. and Mrs. W. E. Blodgett, during the greater part of the season at their winter home, 210 South Ridgewood avenue, and had been clerking in the Daytona Book & Stationery company store, left this morning on his return to Fairbault, Minn. Mrs. Blodgett will go north within the next week or two and Mr. Blodgett will, according to his custom, remain here until he is assured that winter has departed from Minnesota.

FINE PICNIC OF PENINSULA PEOPLE TO CASTLE WINDY

Thirty-five people, members of the Daytona Beach Methodist choir and their friends, enjoyed a picnic last Saturday to Castle Windy, the camping cottage owned by J. B. Moore, of Daytona, and located about 37 miles south of Daytona Beach on the peninsula side of the Indian river.

The boatload of people and basket lunches left the ferry dock at the western terminus of Seabreeze avenue about 7:00 in the morning on the James N. Gamble yacht, Seabreeze. At 10:30 after a beautiful ride down the Halifax and Indian rivers, the party arrived at Castle Windy and immediately spread the picnic dinner on the porch of the cottage which faces the river with a beautiful view over the many islands to the far western shore. After everyone's keen appetite was pleasantly satisfied the members of the party for the most part enjoyed walking through the woods to the ocean beach which is a half-mile from the river. Some of the party walked up the peninsula road to Eldora, the nearest settlement, and others spent their time in digging in the shell mounds near the castle.

Rev. John Treadwell unearthed several bits of pottery and parts of human skeletons and others found similar relics of ancient civilization. A complete human skull was discovered among other things and brought home.

At 2:30, the merry party started for home, arriving shortly after 6:00 weary and tired, but happy after the day's pleasure.

PENINSULA PERSONALS.

Mr. and Mrs. C. J. Rouser will probably leave Tuesday for their home in Lansing, Mich., after an enjoyable winter at their beautiful home on Halifax avenue, Seabreeze.

Mrs. Walter Sweeney has returned to her home on Ocean avenue, Daytona Beach, after a week's visit to Miami, where she attended the interesting convention of the Order of the Eastern Star.

The many friends of Mr. and Mrs. S. Ronald Riddles, of Cleveland, O., will be very grieved to hear that their baby, which was born on Easter Sunday, died very suddenly at the age of three days.

W. E. Blodgett, of South Ridgewood avenue, Daytona, brought over his small sailing vessel to the beach, Saturday and enjoyed a fishing trip of an hours' duration in the ocean in front of Daytona Beach. Mr. Blodgett has a trailer attachable to his auto, for carrying his graceful dory.

Mr. and Mrs. J. C. Selby, well known winter hotel people who have been coming to the beach for many winters, will leave tomorrow for their northern home in Newark, N. J., after spending the past winter pleasantly located at the Daytona Beach hotel. They will probably return here next winter.

Mrs. M. D. King, of Saginaw, Mich., who has, as usual, been spending the winter at her attractive home on Earl street, Seabreeze, left this morning for points north of Florida. Mrs. King plans to spend the next month in Washington, D. C., visiting friends and will, at the end of her stay, at the national capital return to her Saginaw home.

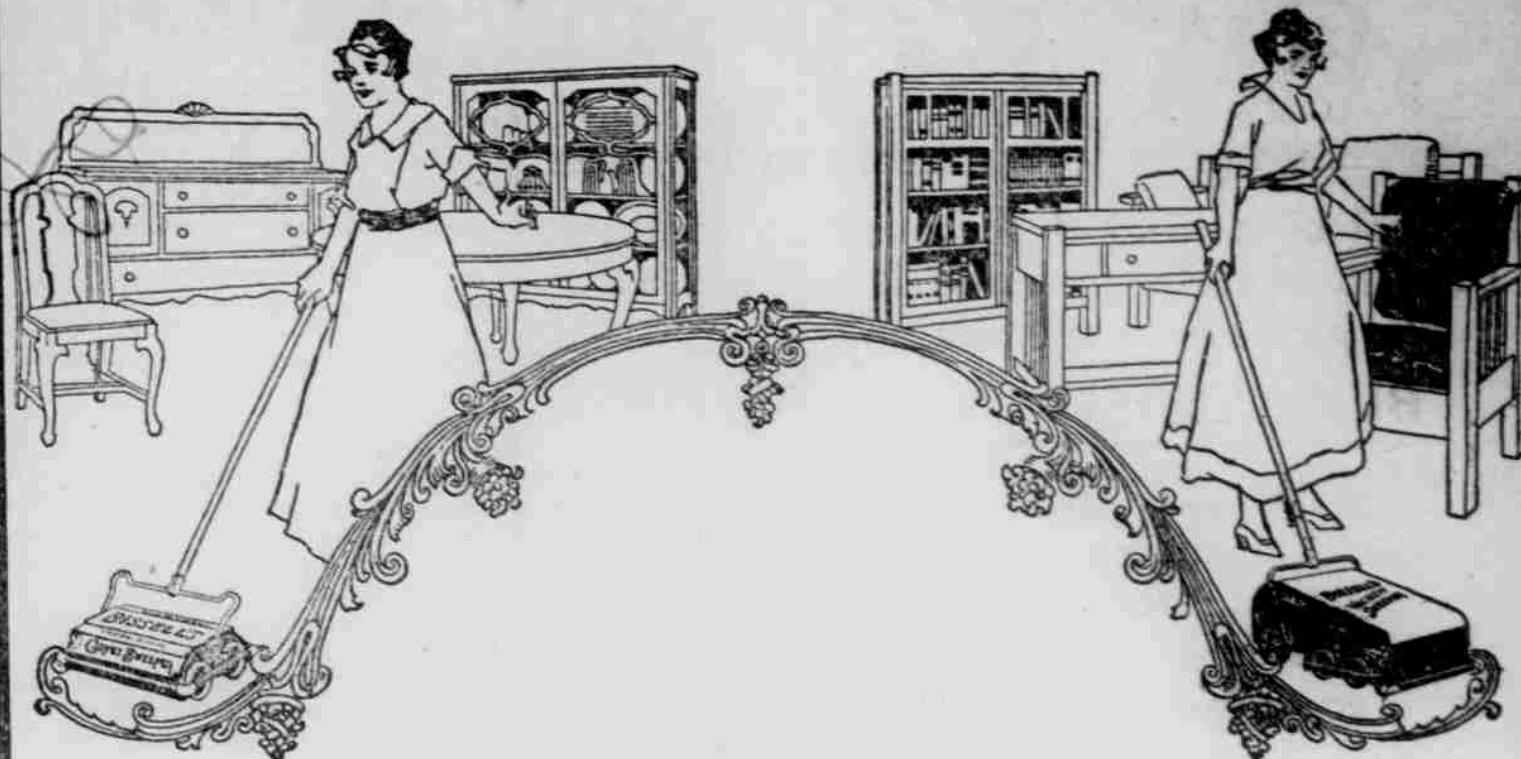

Mrs. Alice Wasson and mother, Mrs. Baldwin are among those who left this morning on their return to their northern homes. These pleasant people who have been staying at usual at their winter home on Halifax avenue, are returning to their other home in Elmira, N. Y. Their Seabreeze neighbors on Halifax avenue will miss them during the summer months.

Mr. and Mrs. G. E. Clearman and sister, Mrs. M. C. Smith, who had been located during the season with Mr. and Mrs. P. B. Dobbins at their home on the peninsula south of Daytona Beach, left Sunday on their return to Newark, N. J. Mr. and Mrs. Clearman had spent two previous winters here and look forward with pleasure to coming again next winter as they think there is no place like Daytona in which to spend the season.

Mr. and Mrs. Robert Holmes and party of friends left last Sunday for their northern home in Lansing, Mich., after having spent the winter in Daytona Beach, at their attractive residence on Halifax avenue. They are making the trip in the Holmes' touring car and are going to stop at various resorts and cities along the way to play golf. They will spend a week or two at Asheville and will be very likely to use five or six weeks for the entire trip.

CITY BUYS AUTO FOR USE AS EMERGENCY FIRE TRUCK

At a special meeting of the city commissioners held Saturday afternoon, the body purchased the touring automobile of Dr. J. E. Rawlings for the sum of \$250 for use as an emergency chemical fire truck to be used especially for hurry calls. The city officials believe that they have secured a bargain to fill a need that the city has had for several years.

DR. RAWLINGS LEFT TODAY

TO JOIN VIRGINIA DIVISION
Dr. James E. Rawlings left this morning for Fredericksburg, Va., where he will join the medical corps of one of the Virginia divisions, to serve the United States as army surgeon.

Immediately following the declaration of war, Dr. Rawlings offered his services for surgical duty in the U. S. army and was accepted. His patriotic action will deprive Daytona of a surgeon, who stands among the foremost in the medical fraternity of Florida. In order to serve his country, Dr. Rawlings relinquished without hesitation a splendid practice not only in Daytona, but in surrounding towns.

THIEF GETS MONEY FROM HOTEL GUEST

While E. G. Sullivan, a winter visitor at one of the hotels of Daytona Beach, was peacefully sleeping Sunday night, a sneak thief quietly climbed the fire escape to the window of his room, removed the screen and also removed a valuable gold watch \$95 in cash and a check for \$200 from the pockets of Mr. Sullivan's clothes. Mr. Sullivan was very much chagrined when he awoke this morning to find himself entirely without funds. He stated to a News reporter that he "is now hunting the streets for work in order to return north to friends."
